ANNASH RAGIL PUTRA SUPARTONO

annashragil@gmail.com | linkedin.com/in/annash-ragil-putra-supartono-353804282 | Surabaya, East Java, Indonesia

Third-year undergraduate student in the Mathematics Department at Institut Teknologi Sepuluh Nopember (ITS). Strong interest in data and programming, with solid proficiency in Calculus, Basic Statistics, and Programming Algorithms, and the ability to apply mathematical concepts to solve problems effectively. Skilled in Java, Python, and LaTeX.

WORK EXPERIENCE

PT Bank Jatim Tbk. — Practical Work, Credit Risk Analysis Division

Surabaya, Indonesia | Dec 2025 – Feb 2026

- Developed a dashboard to analyze credit trends of Bank Jatim customers across various economic sectors.
- Collected, managed, and analyzed corporate credit application data with loan values exceeding IDR 1 billion.
- Built a credit risk prediction model using the Random Forest algorithm in Python to identify potential defaults, using a dataset of approximately 500,000 Bank Jatim customer records.

Institut Teknologi Sepuluh Nopember — Teaching Assistant for Calculus I & II

Surabaya, Indonesia | Aug 2024 – Present

- Assisted in teaching over 500 students from diverse academic backgrounds in Calculus I and II.
- Organized and maintained student data using Excel/Spreadsheets to support course administration.
- Evaluated student performance through grading and ensured academic integrity by proctoring examinations.

EDUCATION

Institut Teknologi Sepuluh Nopember — Bachelor of Mathematics

Surabaya, Indonesia | Jul 2023 – Aug 2027 (Expected)

SMA Negeri 22 Surabaya — Senior High School, MIPA

Surabaya, Indonesia | Jun 2019 – May 2022

ORGANIZATIONAL & PROJECT EXPERIENCE

Olimpiade Matematika ITS 2024 — Staff Question Maker

Surabaya, Indonesia | Jul 2024 – Nov 2024

- Designed and developed mathematics competition problems for all stages (preliminary to grand final) of the 17th OMITS, elementary level.
- Improved LaTeX proficiency to efficiently create and format high-quality competition materials.
- Assessed and evaluated participant submissions for the 2024 ITS Mathematics Olympiad.
- Organized and analyzed response data from 121 participants in the Kediri region using spreadsheets.

GERIGI ITS 2024 — Staff of Secretarial

Surabaya, Indonesia | 2024

- Designed and maintained a database of new ITS students for 2024 to support program coordination.
- Organized and managed administrative processes for the 2024 GERIGI ITS program.
- Provided guidance and mentorship to new ITS students during their participation.

Aksi Nirwasita 5.0 FSAD 2024 — Staff Data Center

Surabaya, Indonesia | 2024

- Designed and maintained a database of new ITS students for 2024 to support program coordination.
- Organized and managed administrative processes for the 2024 Aksi Nirwasita 5.0 program.
- Provided guidance and mentorship to new ITS students during their participation.

Personal Project — LaTeX Documentation

ITS |

- Developed and documented detailed solution explanations for midterm and final exams in Calculus I and II, supporting student understanding at ITS.

SKILLS, ACHIEVEMENTS & CERTIFICATIONS

- **Programming:** Python, Java, LaTeX
- **Certified in Python for Data Science**, Pacmann Academy (2024) — three-month online training in fundamental Python programming.
- **Basic Python Certification**, Prakerja Program (2023) — one-week training conducted by Laboratorium Komputer Indonesia.
- **Semifinalist**, Pelangi Matematika XXX, Universitas Negeri Jakarta (2024) — National Mathematics Competition.
- **Semifinalist**, Calculus Cup, HIMATIKA ITS (2024).
- **Participant**, Liga PKM ITS 2024 — Institute-Level Scientific Writing Competition (PKM-PI).
